Once upon a time

The Bruin Family came to life last year at a difficult time for many of us. With the leadership and guidance of Richard McVeigh, Papa Bear, students and staff became a close-knit family. In salute, the yearbook staff has chosen the Bruin Family for the theme of the 1981-82 Archive. The theme is written in fairytale form, and the book reflects the theme throughout. Every person at this school is a member of the Bruin Family. Some Bruin Family members do more than others, as in any family, but no person is left out. Each has the support of the whole family when it is needed. This book has been put together to help you remember the fun times, the sad times, the good and bad, but most of all, the family that stuck together through the best and worst of times. The Bruin Family, it will certainly live happily ever after.

Freshmen Football

Although the freshman football team spent many long hours at practice, they didn't have a very rewarding season. They didn't win any of their games, but they gained valuable experience that may lead to an outstanding football team in years to come. The freshman had some successful moments and grew as a team.

SOPHOMORE FOOTBALL

There is only one word for our sophomore football team: Fantastic! They went through the whole football season with only one loss which tied them for first place. With their coach, Wes Remmers, and team cooperation, they created strong team spirit and had an outstanding year. At the end of the season, the team stood proud and as one. In the coming years, the powerful cubs will prove a mighty Bruin team.

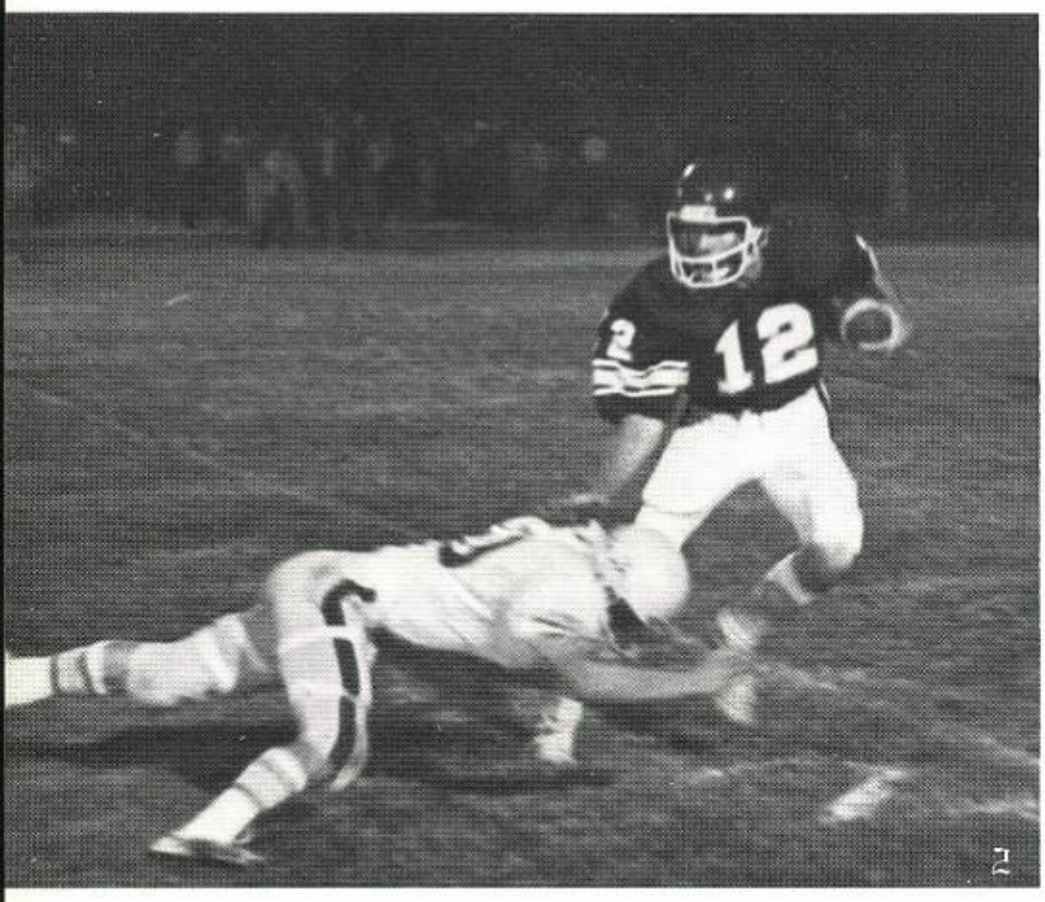
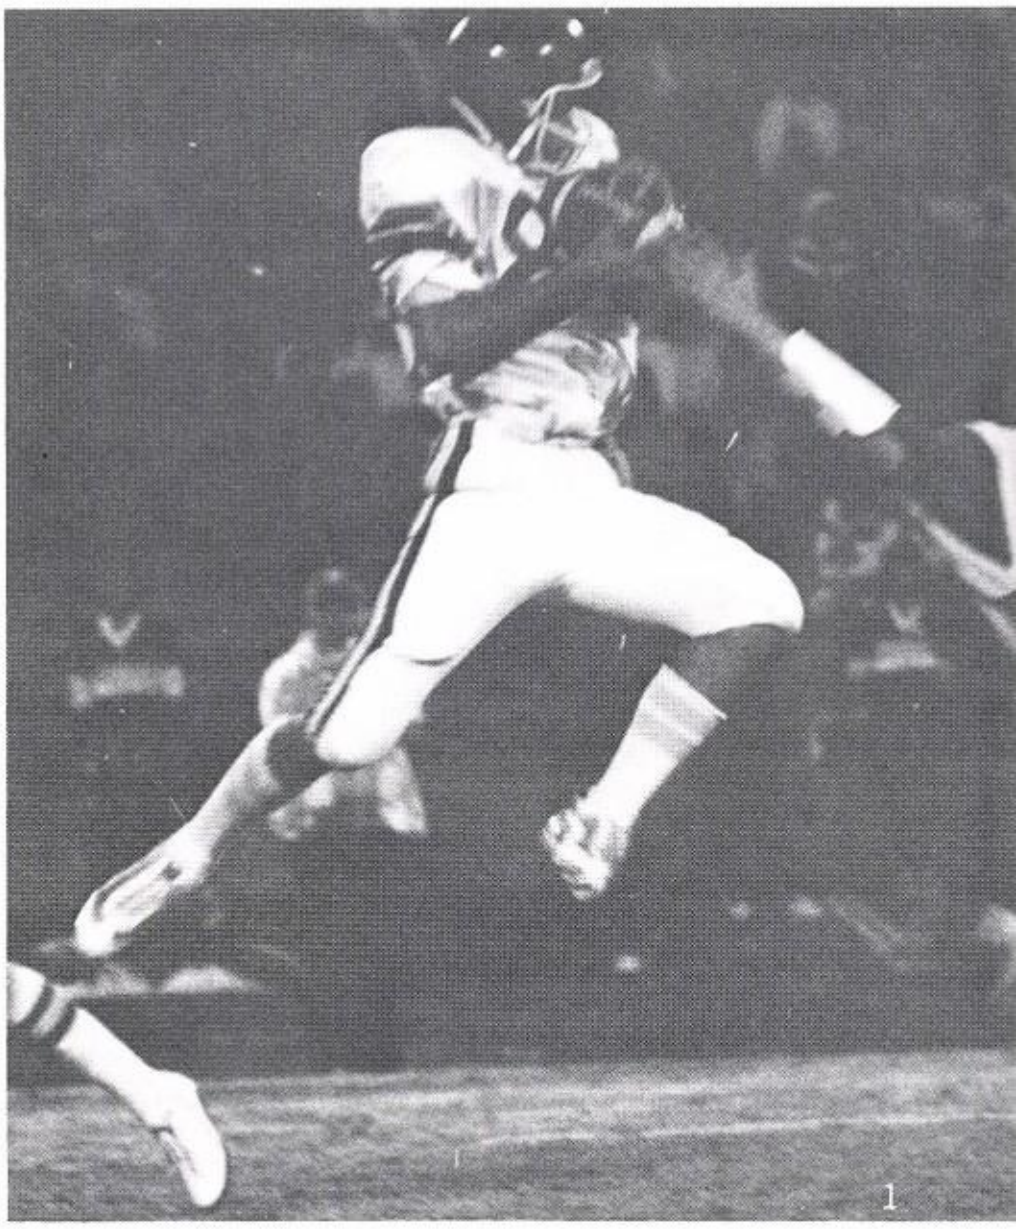
Varsity Football

The season began late for the Bruins because they were not able to begin practice until a short time before their first game. When their new head coach, Lewie Roche, arrived the team began building skills and gaining confidence. The focus of the season was to build a "we" philosophy, as opposed to a "me" philosophy, and they were successful. The players who stumbled off the field in September after a humiliating defeat against Calaveras were not the same Bruins who united and improved for a determined victory over Hilmar in November.





1. Manuel Machado leaps to snag one of Conley's passes out of the air.

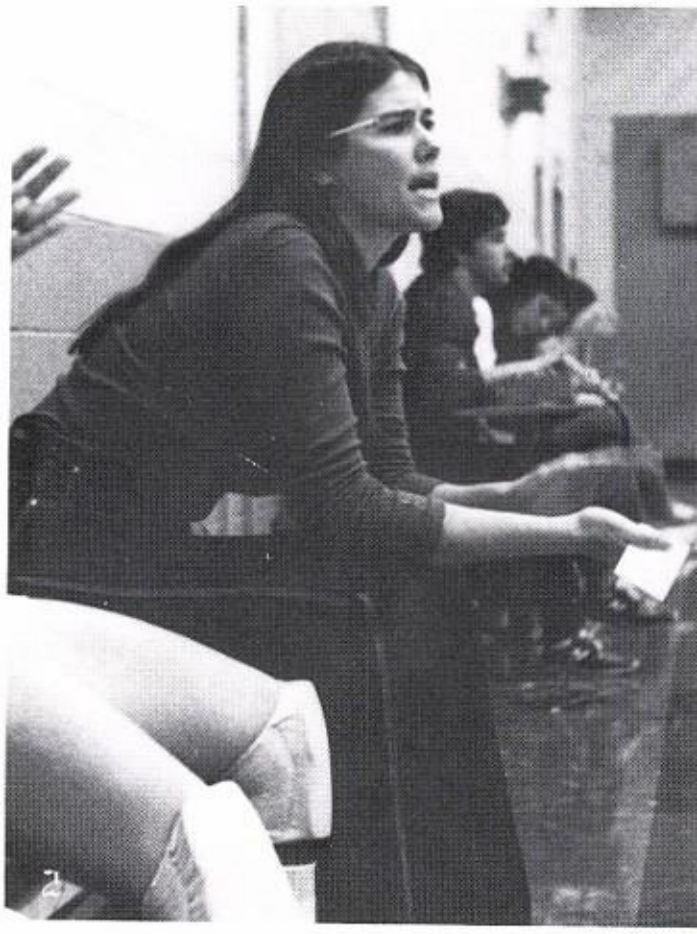
Varsity Volleyball



The varsity volleyball team struggled through the season meeting defeat at almost every step. The team, composed of two seniors and six juniors, learned a great deal, as did their coach, Ms. Lawrence. The first year coach watched her team fight for every point culminating in a heart-breaking loss to Central Catholic when an excited player rushed onto the court before the official could declare Riverbank the winners. The point was recalled, and Central Catholic took the game. It seemed they could not win, but they did play some outstanding volleyball.

The 1981 J.V. Volleyball team ran up an impressive 12:2 win and loss record with an 8:2 record in league play. This aggressive, quick, and smart group was young and inexperienced. The team was one of tremendous potential though, and it showed as they drew together to play as a team and applied the skills they learned. The team left an indication that great things are to come, for once the team played like one, the girls and their coach were pleased with their performance. The girls did themselves proud.

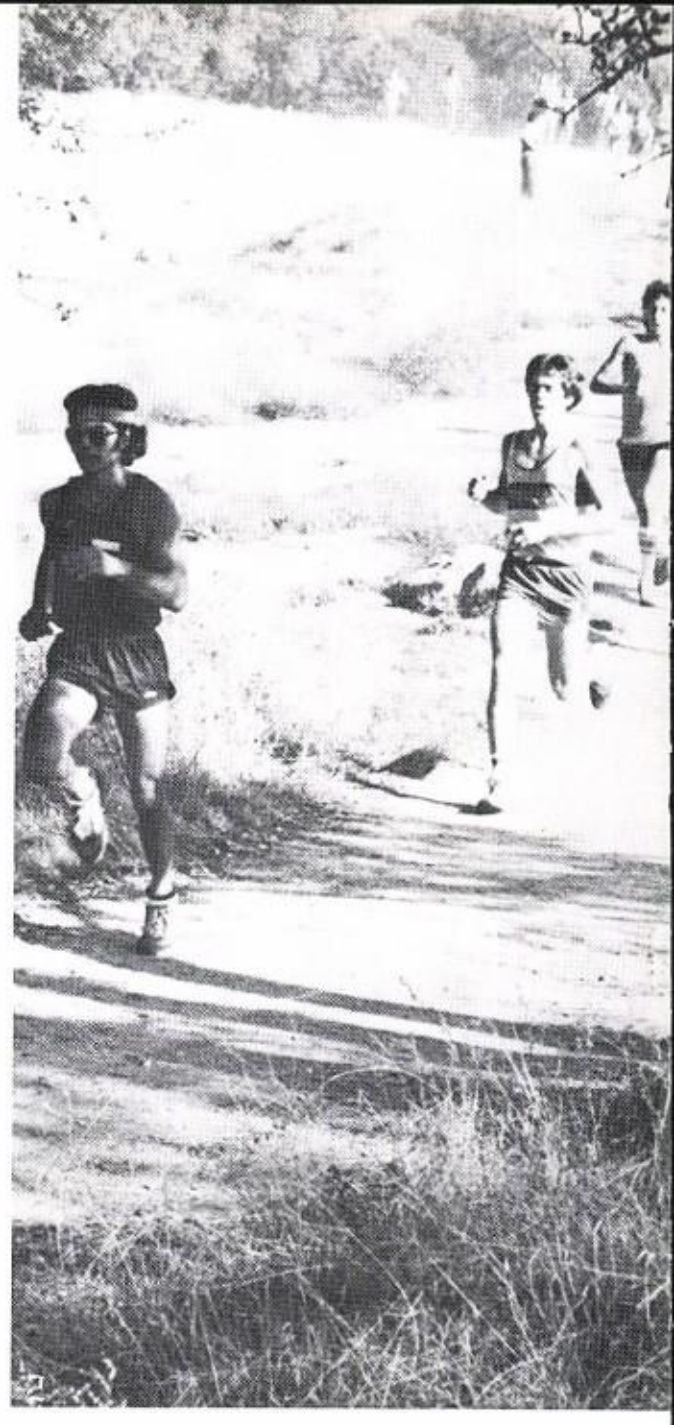
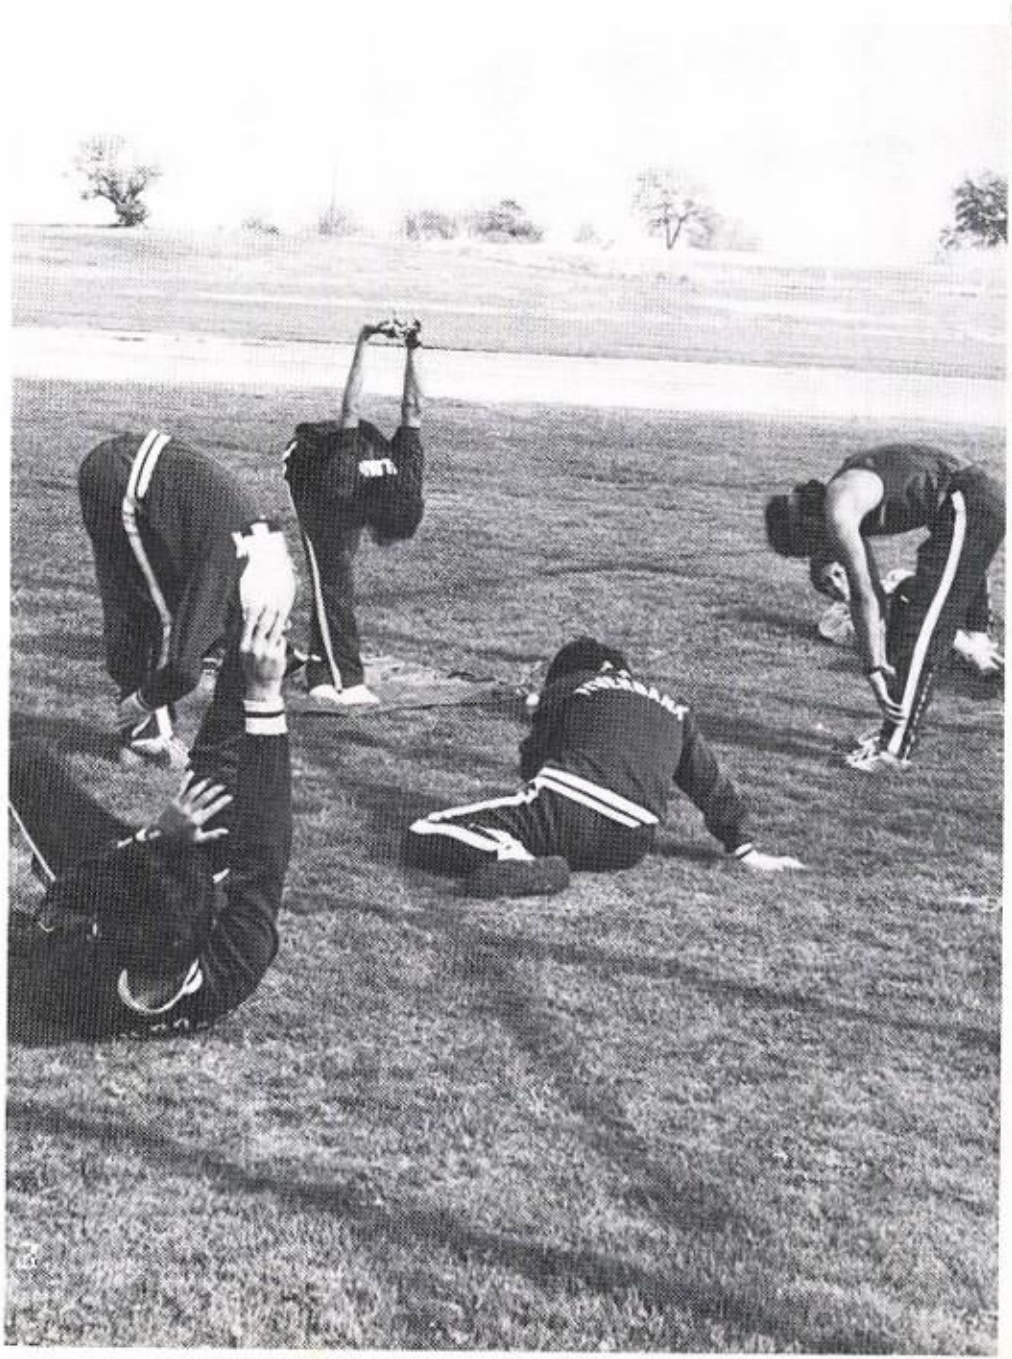
The J. V. Cross Country team did well. For the first time, there were two girls on the team, along with four boys. The team had meets in some far-away places, but most of the meets were close, usually in Modesto. The junior varsity runners competed in two mile races while all varsity runners went three. Some courses were on the flat, others were full of curves, and some had discouraging hills. The Bruin J. V.'s practiced after every race, often working just as hard as they ran in the race. They went home proud because they were Bruin runners.

1. Coach Mathews concentrates on her Bruin players.
2. Cheryl Wade bumps the ball as Alice Solis prepares to receive it.
3. The proud J. V.'s travel to rack up one more win.
4. Varsity runner Arlene Pacheco poses with the J. V. girls: Shauna Davis and Candy Sayers.
5. Rigo Castro plays the contortionist in order to stretch.

Varsity Cross Country

Riverbank Cross Country had a tough year, but improved as the season progressed. Cross Country is not just a jog and walk sport; it takes strategy and concentration to run well. There were no seniors on the team, so Riverbank ran most of its races at the junior level. When possible, they ran at the varsity level. They placed first in the Trans Valley League (T.V.L.) meet, running as a varsity team. They took second place in Sections and Subsections. They had invitations from Rialinda and Frogtown and were second at both. The team included one girl: Arlene Pacheco. She had the option to go to the Section meet but decided not to. Next to it all, the season went well for the Bruin runners.





1. Mike Garza and Carlos Perez listen to team members talk.
2. Robert Alba, without struggling, keeps his pace.
3. The team stretches before the big race.
4. Coach Bruce Edwards talks to one of the runners about his favorite sport.

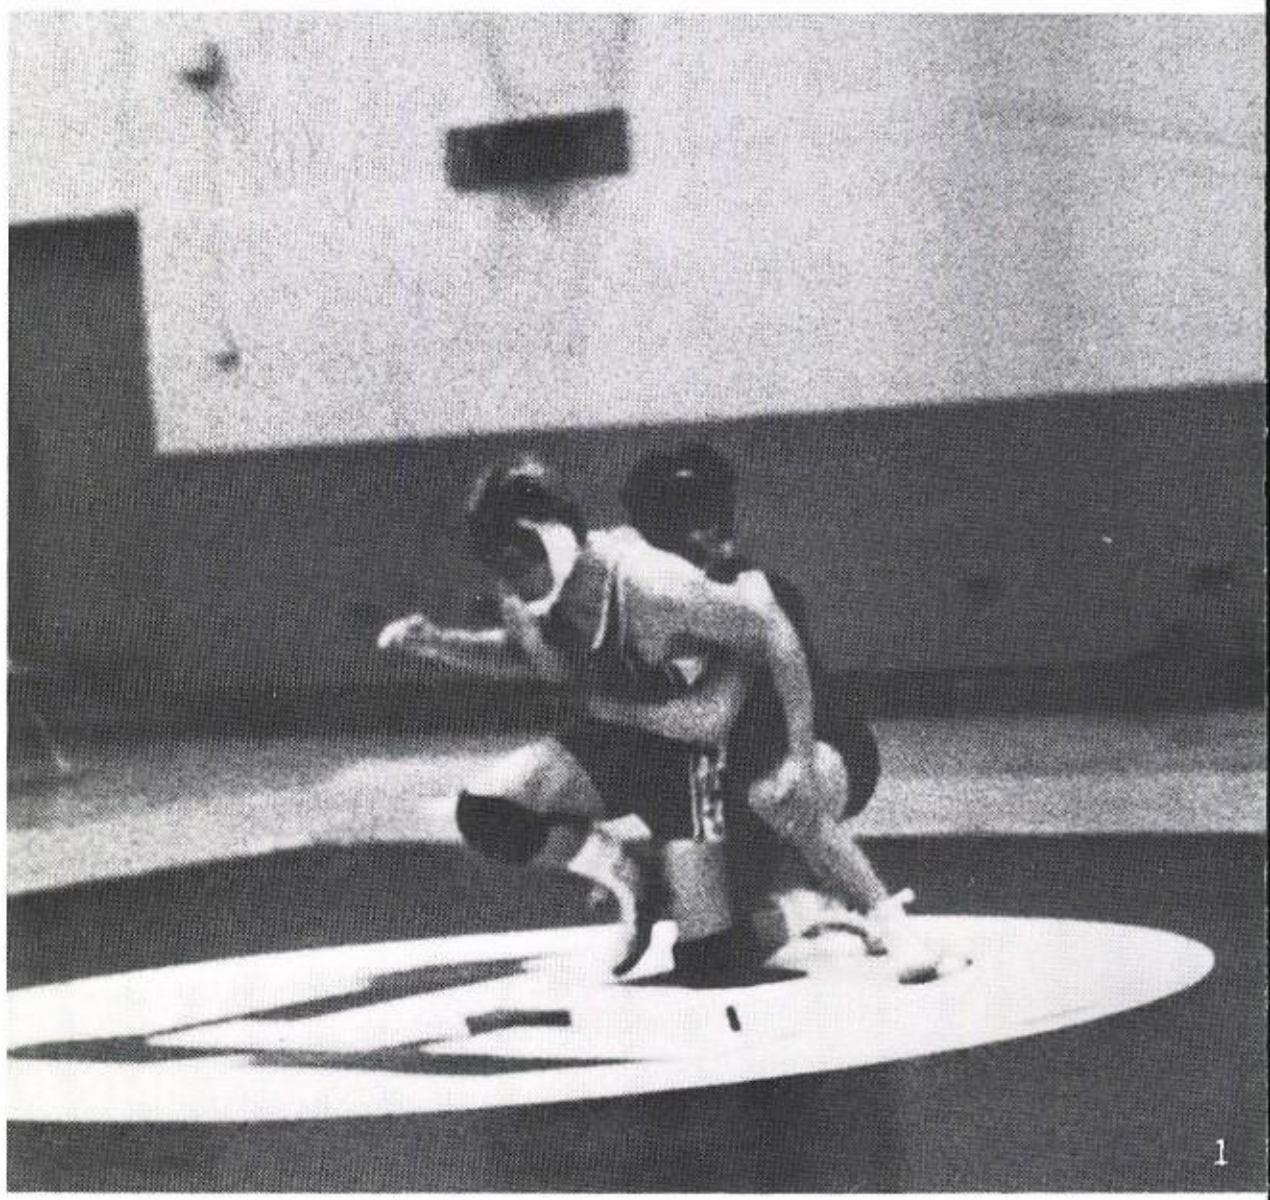
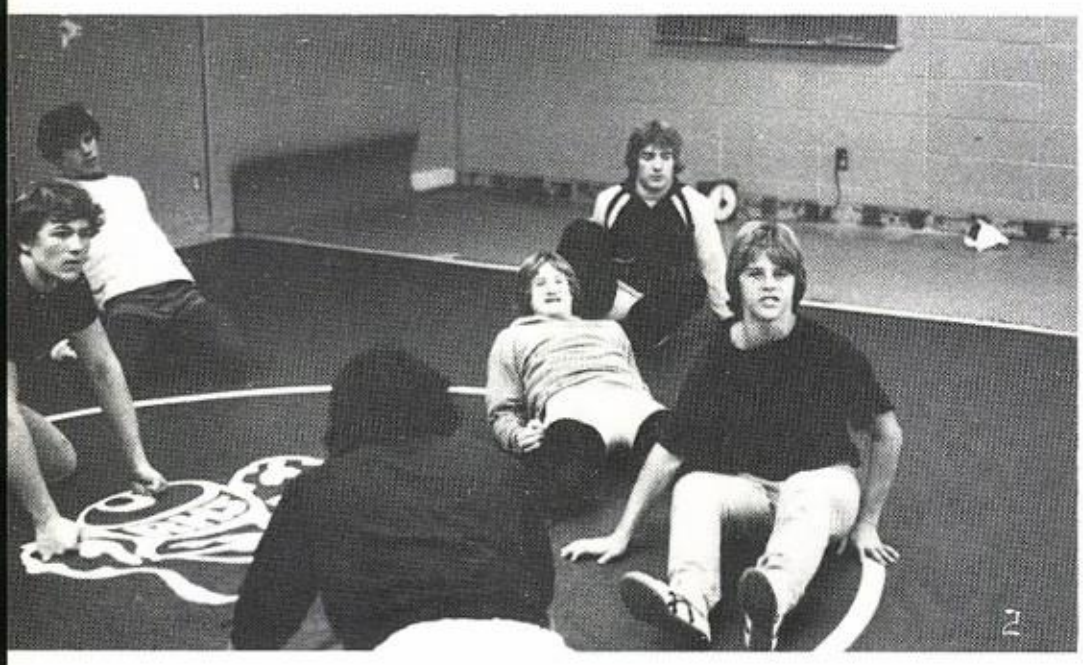
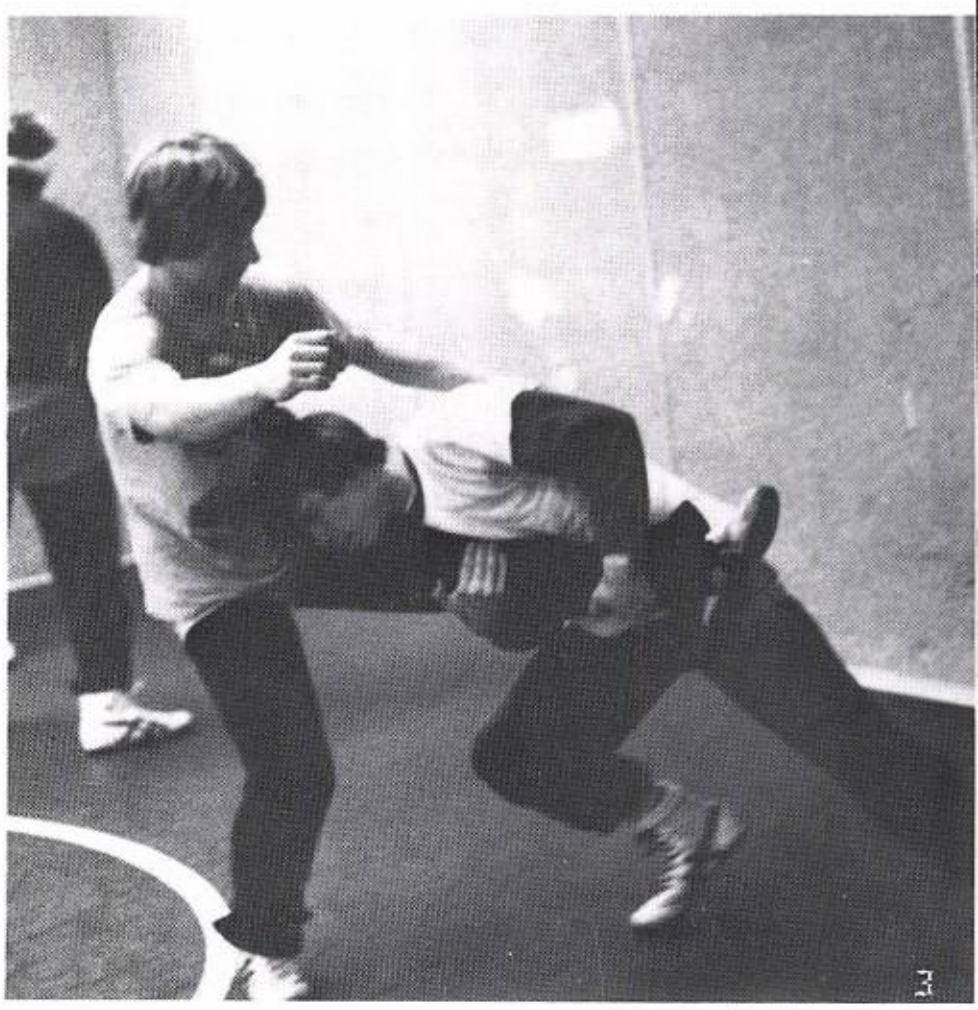
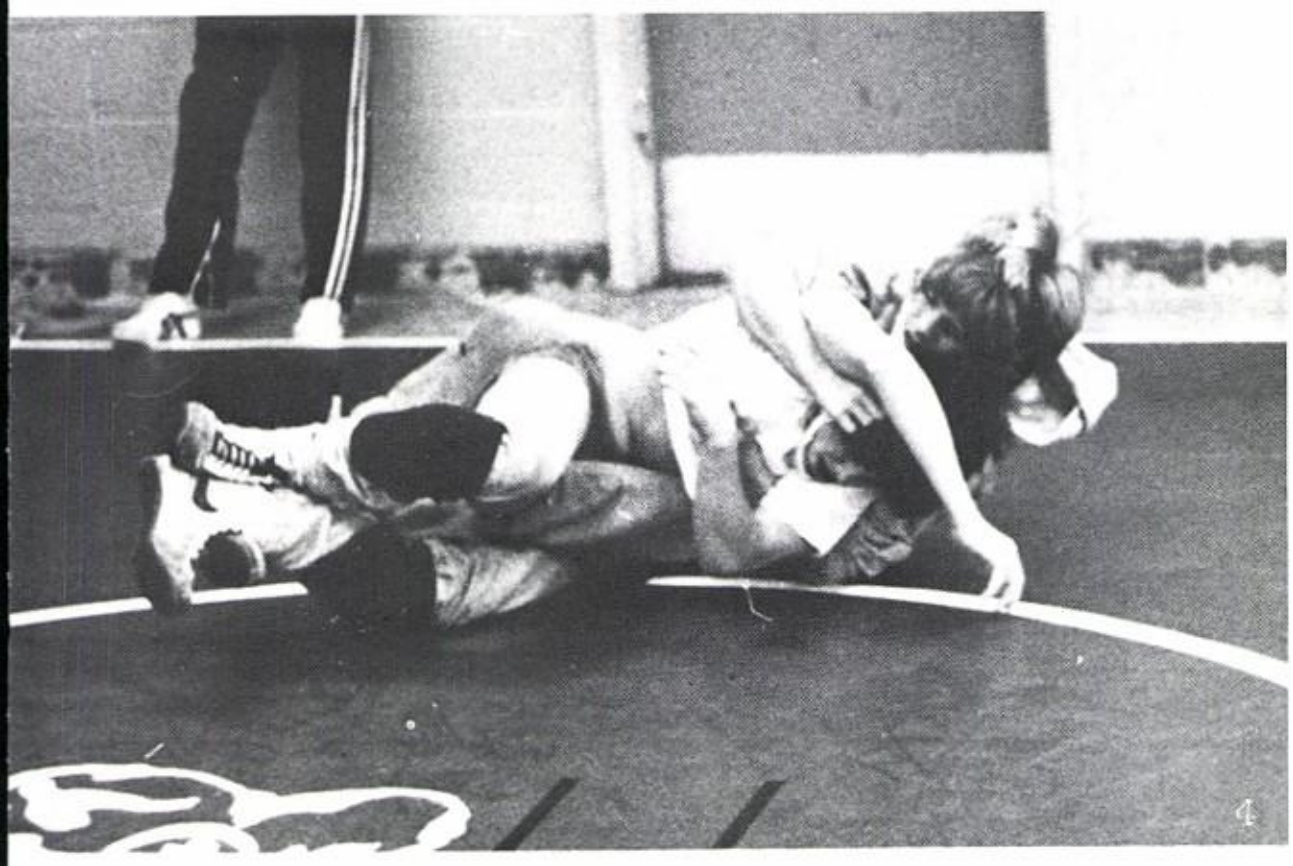
Wrestling

The Varsity Wrestling team had high hopes of finishing well in league play, but because of the low numbers in the ranks, the team had to give up a few of the weight classes and a lot of points. Coach Silva had been heard to say, "It is very hard to come back after giving away that many points." The team lost two seniors, but a large number of upcoming seniors will take their place and fill out the team.









1. A Bruin grappler struggles to get free from an opponent.
2. Chad Cottrell leers at the camera during a stretching exercise.
3. James Seekell attempts a take down.
4. John Pedroza wrestles Chad Cottrell for the varsity position.

J.V. Wrestling

The J.V. Wrestlers had a tough time during the season due to inexperience and poor turn out of new wrestlers. Now and then, the varsity would turn to the J.V. ranks when their numbers got low due to injury or illness. The experience they received will help them in the future years when they will be wearing the varsity uniform.

J.V. Basketball

The girls J.V. basketball team had a very good year. As a result, the team was very strong and an exciting team to watch. The one person that lead them to their success was head coach, Rachel Perez. The Girls Varsity Basketball team had its share of frustration. The girls ran and shot and practiced. The coach spend hours watching and training and some time yelling instructions from the sideline. The girls could shoot and handle the ball, but a lack of height really hurt the team. The boards were continually dominated by the other always taller teams. In addition, the team was young; the roster showed only three seniors, four juniors, one sophomore, and an unprecedented three freshmen. So, with experience and growth, prospects for the future look bright.

Varsity Basketball

The 1982 Varsity Basketball team had many outstanding players, and as a result many of their games were close, usually ending with a score difference of two or four points. The team had pride and show-manship due to some confident ball handling. They were a very close and hard working group that succeded in being a winning team. This, along with their fun-loving, cheerful, and understanding coach, Ron Peterson helped them become a crowd drawing team.

1. Danna Webb attempts to catch the ball at softball practice.
2. Alice Solis throws the ball in from the outfield.
3. Jenny Bartholomew practices up on her pitching.
4. The team waits to go to an away game.

The softball team welcomed a new coach, Ms. Mathews, and Ms. Adams returned as an assistant coach. The team consisted of three seniors, four juniors, two sophomores, and seven freshmen. Since the team is so young, it will be very strong in the years to come. The rain kept the fields flooded canceling many a game and practice, but the team played very well because they worked hard at it.

The 1982 Varsity Boys Baseball team, under the guidance of Coach Wes Remmers, headed into a challenging year, trying to regain the T.V.L. crown. For the first time in the history of Riverbank High School, a freshman baseball team was fielded. The new freshman team was under the close supervision of recently graduated coach Don Sahagun. The sophomores were under the training of their new coach, Bobby Perez. Both teams did their best to overcome the slow, wet start of the rainy spring and played their all for Riverbank.

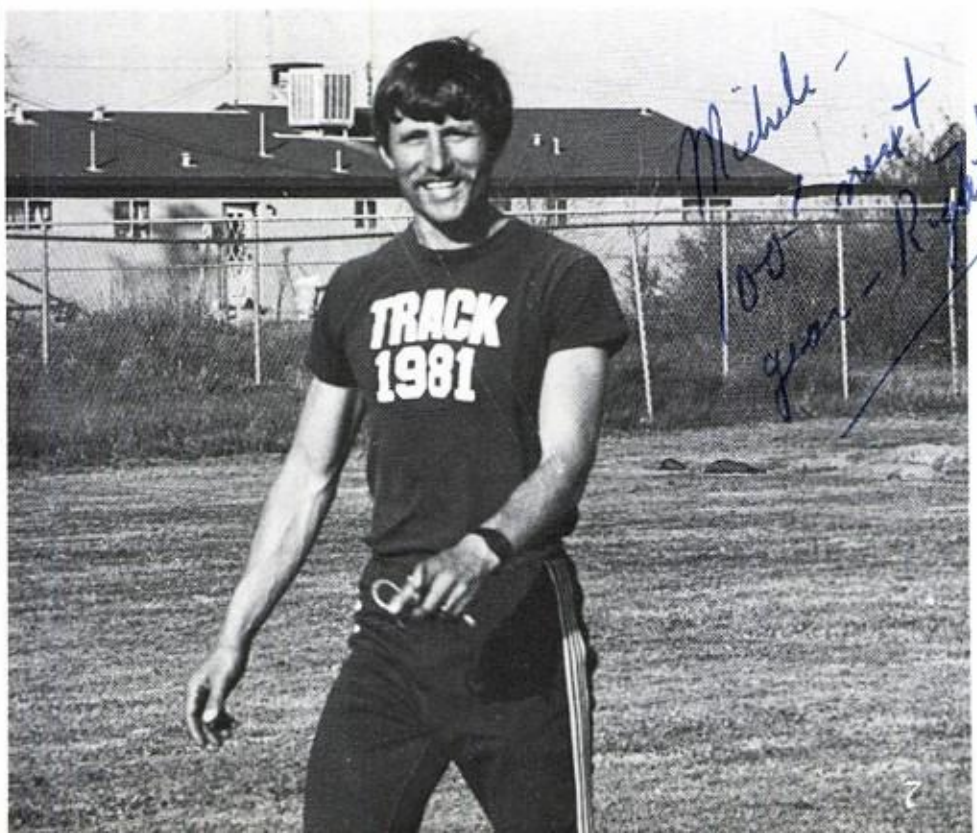
Track

The 1982 Track Team started off the season with high hopes of another T.V.L. Championship. Returning track members were a welcome sight to track coach Bruce Edwards. Coach Edwards was not alone in his attempt to form another great track team. He was assisted in this task by coaches J. Hollywood Roberts, Aquiles Rojas, Kevin Love, and David Grant. The season started off slowly due to wet tracks and rained-out meets, but once the weather cleared up, the Track Team really started moving.



1. Tom Rushing prepares to pick up a ground ball.

Homecoming Activities

Homecoming activities were centered around a salute to the great Walt Disney and his magic kingdom. Throughout the week, competition between classes were held to see which class would win the spirit award for the 1981 Homecoming week. Tug-of-wars, wheelbarrow races, balloon shaving competitions, dress up days and many other fun lunch-time activities made up the weeks agenda. It was a fun and exciting week for all, especially the sophomore class who took this year's Homecoming spirit award.

Annual events, as usual, were scheduled on and off of the campus during the week. Girls took to the football field for the annual powder puff game, and the boys donned cheerleading uniforms and cheered the girls on. The senior-sophomore team was victorious over the junior-freshman team. This year's Asilimar girls were also announced during halftime at the powder puff game, and they received red roses from the senior Asilimar girls. The most exciting part of the night, though, was the crowning of the 1981 Homecoming King. King candidates and their mothers stood waiting to see whose name would be called. Applause rang out as Sean Conley's name was called and the crown was placed upon his head.

There were shining moments at Friday night's Homecoming game. During halftime five beautifully dressed girls were driven around the track and met by their escorts who helped them out of their cars and to their places in front of the stands. They stood patiently to hear who would serve as queen until the next years Homecoming. The candidates were chosen by the student body, and the queen was selected by the varsity football players. The moment finally came and the crowd cheered as past Homecoming queen, Kim Overholtzer, crowned the new 1981 Homecoming queen, Cheryl Southern.

The Wine and Cheese Festival started in 1974 and has long since become a tradition in Riverbank. This event is responsible for putting the City of Action on the map. Every year, thousands of people come to drink the wine from the nearby wineries and taste the cheese from the local cheese companies and join in the festivities. The streets are blocked off, and vendors exhibit their antiques, arts and crafts. Clowns stroll the sidewalks, and friends stop to chat and sample the variety of foods. Some stumble, some stagger, but all leave smiling.

THE CHRISTMAS PARADE

The Riverbank Christmas Parade was a cheerful event that took place the first weekend in December. People gathered around to watch this heart-warming event which brought the Christmas spirit into their hearts. Through the streets wandered the most beautiful horses, the most graceful baton twirlers, and the most colorful and decorative floats. Of course, bring up the rear were the ever faithful pooper scoopers. The 1981 Riverbank Christmas Parade was an event well worth attending.

WINTER SPORTS

The 1982 Winter Sports week was a week to remember. Everyday during the week, there were noon time activities, such as marshmellow stuffs and egg tosses. The crowning of the queen was during halftime at the basketball game against Patterson. The queen candidates were Arlene Pacheco, Rhonda Webb, and Sandy Smith. The boys basketball team made the final decision, and Arlene Pacheco's name was announced as this year's Winter Sports queen.

Riverbank Varsity Cheerleaders are very involved in school spirit. They have won many awards for outstanding performance. At camp in Santa Barbara, the girls got a superior trophy. Also at the Modesto Junior College Competition that was held at the beginning of the year, they received first place. Riverbank High should be proud of these five girls and their triumph at competition.

Frosh-Soph Cheerleaders are spirited and enthusiastic; they had fun and showed this during football season and basketball season. The squad also went to camp in Santa Barbara, and they received a superior trophy, as did the Varsity. They are an excellent group of girls, and in the years to come will be a strong spirit squad.

The Songleaders proved to be an excellent squad. Their routines were perfected so they moved in unison. They worked hard and it showed. They also went to camp in Santa Barbara and each received individual awards. At camp, they did not compete as a squad, but in individual competitions. R.H.S. songleaders did a good job, and they were a strong squad.

The mascots were a crazy pair. Their spirit was overpowering, and it showed at camp. They received two spirit awards there and brought them home to Riverbank. One word describes our mascots and that was, spirited.

Mr. Fast was this year's advisor for the Spirit Squad. He helped keep the squad together and advised them when he needed to. Mr. Fast deserves a hearty handshake for all of his good work.

Building Construction was a class in which students learned the basics of being a carpenter. They discovered plumbing, wiring, and how to construct a house. After the house was finished, it was auctioned off and sold. The funds earned will go for supplies for future projects.

Probably, most people don't have the vaguest idea of how a yearbook is put together. If nothing else, the yearbook is a group effort. Students take on separate tasks and when all the individual sections are completed, pages are placed together and a cohesive book emerges. Every student is responsible for certain sections. First, layouts are planned; next, pictures are taken, ordered, cropped, glued down; the copy is written and typed. Finally, two pages of the Archive are done. Some students work solely on advertising, some typing; some spend countless hours in the darkroom. Deadlines arrive and panic and mass hysteria set in, but by some minor miracle, the Archive is published.

STUDENT GOVERNMENT

Student government is a very important organization. It gives students an opportunity to experience government. The student council is composed of six executive council members and approximately twenty-five advisory representatives. The duties of the executive council are many, some of which are revising the school constitution, organizing many school functions, and supporting various clubs and organizations when needed. Communication is the key word to the responsibilities of the numerous advisory representatives. They relay information to and from the student council meetings to their advisory classes.

2. All eyes are on Mauro as he discusses the agenda for a student council meeting.

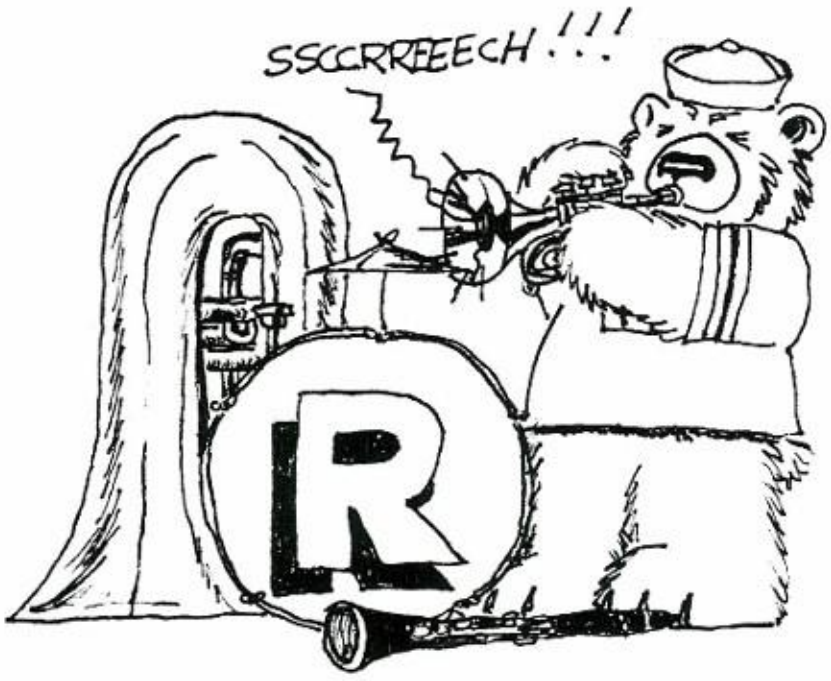
5. Mauro Barron is not sleeping; he is merely in deep thought.
6. Advisory representatives are serious when the topic is school colors.

The band is a highly visible group. The members play their instruments to the delight of audiences everywhere. They appear at football and basketball games, rallies, and they march in various parades. This group is dedicated because almost all members are active in other student organizations and clubs. The band has grown under the direction of Mr. DeYoung. He, probably more than any other staff member, spends untold hours with his students. They are highly successful fund raisers, and this year finally ordered and received new band uniforms. In addition to musicians, the band includes the flag girls, an added addition to the ranks.



1. In a most familiar pose, band director Gerald DeYoung leads the band through a song.
2. The marching band prepares to take the field at halftime.
3. The R.H.S. band provided entertaining music for the football spectators during halftime.
4. Drum majorette Ida Ulloa sets the pace.
5. The old motto practice makes perfect is definitely the philosophy of the band.
6. Sandy Smith, along with other band members, participates in the Christmas parade.

BAND

The R.H.S. Jazz Band, under the direction of Mr. DeYoung, consisted mainly of the best players from the concert band. The big event for the Jazz Band was the annual competition in Reno. Approximately 175 jazz bands from California, Oregon, Nevada, and Arizona attended the three day event. Riverbank was placed in a division with twenty-five other schools. To add a touch of class to their already superb music, the R.H.S. Jazz Band performed in basic black and white semi-formal attire.

The Chorus also put on a Winter Concert and performed at elementary and junior high schools. This melodious group consisted of eight sopranos, eight altos, four tenors, and a drum player. The R.H.S. Chorus deserved recognition and praise for their hard work and talent

FOREIGN LANGUAGE

The Foreign Language Club was well staffed with members this year. The club worked hard on fund raisers that would be used to finance a trip to the college of the members' choice. The Foreign Language Club also used money from fund raisers like bake sales to award a small scholarship to a graduating senior. All together, the club had a good and active year.

CHESS CLUB

The Chess Club at Riverbank High wasn't very visible as far as fundraisers and field trips go but they met everyday at lunch. As soon as the lunch bell rang, they rushed to the cafeteria, bought their lunches and then headed to a room where they ate and conversed over an exciting game of chess or Dungeons and Dragons. The club hoped to compete against other schools in tournaments, but it didn't happen.

6. Asilomar members and advisor Vickie Dewar dig-in at the junior's initiation luncheon sponsored by the seniors.

Asilomar

Asilomar is a junior leadership organization. Seven juniors were selected by the senior Asilomar members and a panel of judges from the faculty. The selection of these members was based on the students leadership potential, leadership qualities already displayed, and willingness to cooperate. The big event for Asilomar members is attending the four day leadership conference their junior year. At this conference all junior delegations are involved in many workshops and activities. The main activity is a campaign for office. Each delegation begins campaigning during the second day of the conference, and the election takes place on the last day. The delegations winning office are responsible for organizing the conference for the following year.

Those members who qualified for eight quarters were awarded life-time membership and honored at graduation. C.S.F. had two service projects. They sold tickets for the girls basketball games and repainted one of the senior class squares.

During their spare time off skis, they had snow ball fights, built snowwomen, and ate the delicious meals they prepared themselves.

VICA

V.I.C.A. (Vocational Industrial Clubs of America) was in high gear to keep the cars and trucks of Riverbank running to perfection. The members also helped in food drives and Christmas baskets for needy families in the community. VICA helps young men and women of America find a job in the future.

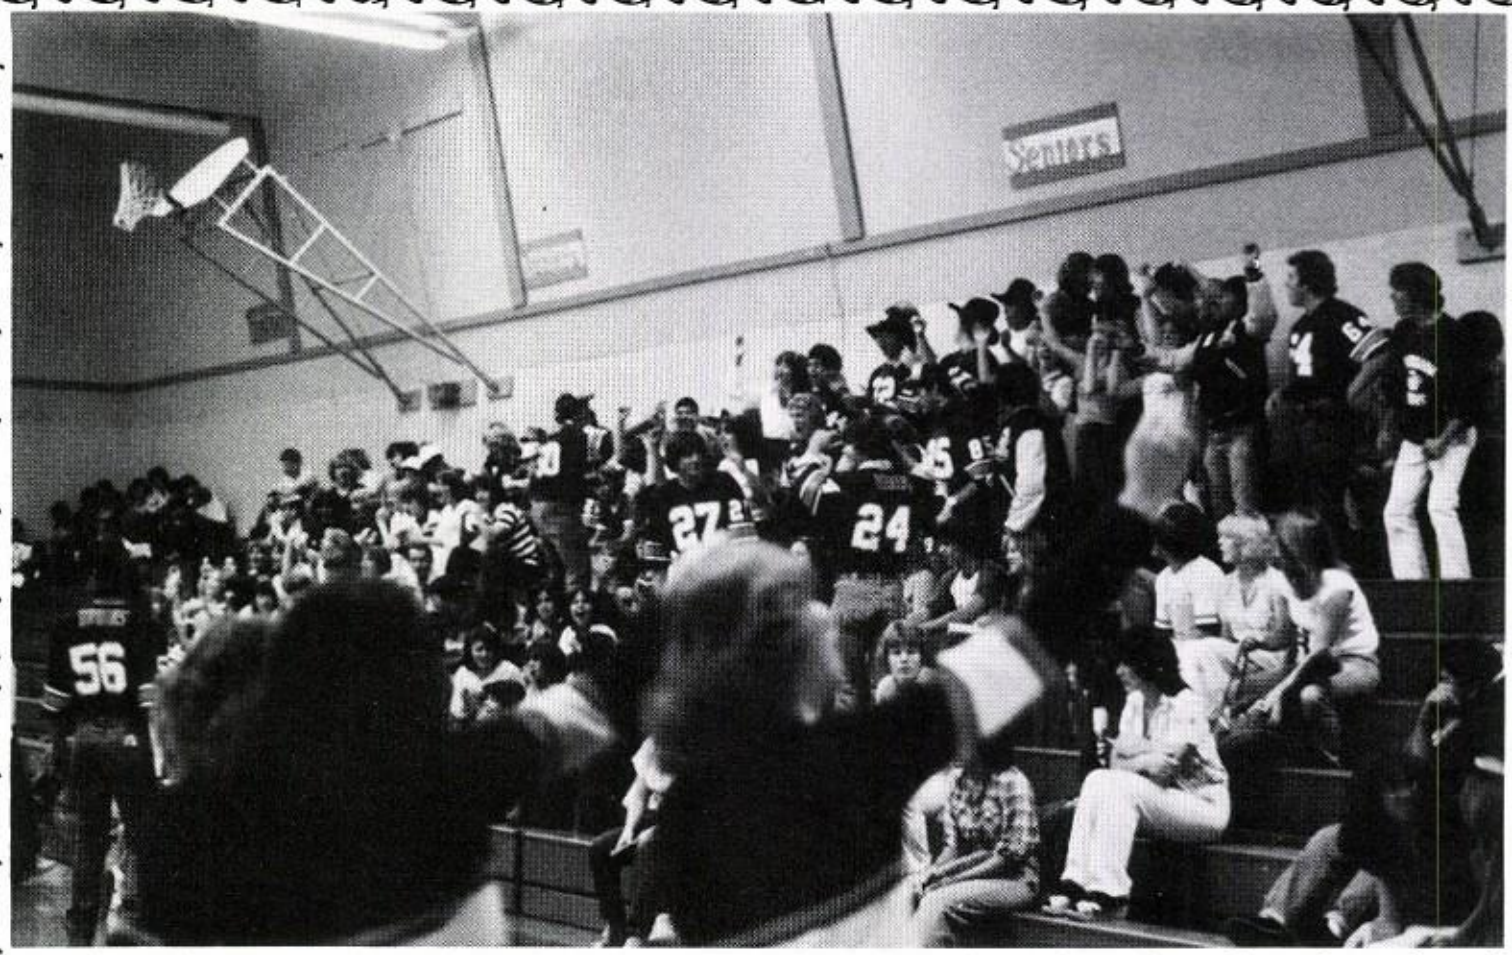
BRUINS '82



Once upon a time, part of the Bruin Family was very special. These Bruins had spent four years at Riverbank High School. They had taken California History and American Government. They had suffered through American Literature and survived Drivers' Training. They had learned to love and patch up broken hearts. They learned to dissect; they learned to calculate percentages. Some prepared to go on to college, and some left ready to go to work. They were the class of '82. One way or another, they gained experience that would send them paws first into the world. Over the four years, these Bruins collected many memories, some good and some bad. The first year started in fear: fear of being trash canned, fear of getting lost, fear of being picked on. The initial hesitancy was overcome, however, when Riverbank High School became familiar territory. Then the freshmen became active and participated in student body activities. The first year was a year of initiation. The returning sophomores appeared older, wiser, and more mature. The football players were a little bigger, the cheerleaders a little curvier. These Bruins started with more assurance. They had setbacks, for instance, the Homecoming float that went up in flames, but debts were recovered through fundraising activities, and the Bruins landed on their feet. The junior year was spent preparing for the Junior-Senior Prom, and what a prom it was. That year the juniors created a first place float for Homecoming, and the Bruins were off and running. It all came together the last year, the fourth year, the senior year. That year was a hectic one with making preparations to graduate. Senior pictures and S.A.T.'s were taken, colleges were applied to, and the future was planned. Their minds were in a whirl, but it was something, this senior year. These special Bruins completed four years and left Riverbank High School leaving no one in doubt as to the fact that they were there.

SPECIAL SERVICES

There were many special services rendered this past year. Emmalena Rippe helped people who needed medical services, Gen Poletti distributed knowledge through the many books in the library, and Shirley Caetano and Pauline Cathrum fed us nutricious meals in the cafeteria. All of their services were sincerely appreciated by everyone.

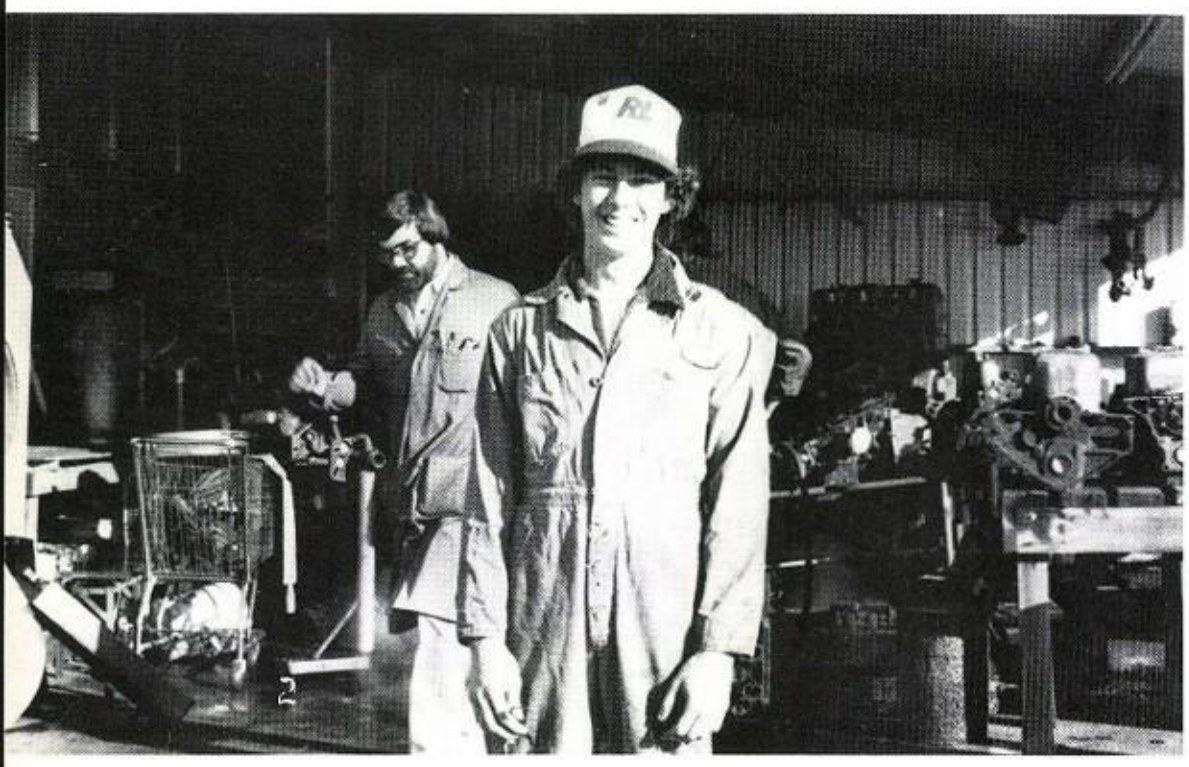
MAINTENANCE

4

5

6

The maintenance crew at Riverbank High School worked very hard this year. They stayed until all hours of the night getting the school ready for the next day. When students went home for vacations, the maintenance crew stayed and cleaned and waxed all the floors to make it look good when the students returned. The maintenance crew should be commended for all of their fine work this past year.



1. The Bruin Family to me means friends and an occasionnal fight, just like in a normal family.
Mark Higgins

2. The Bruin Family is us, as in you and me. Wayne Perez

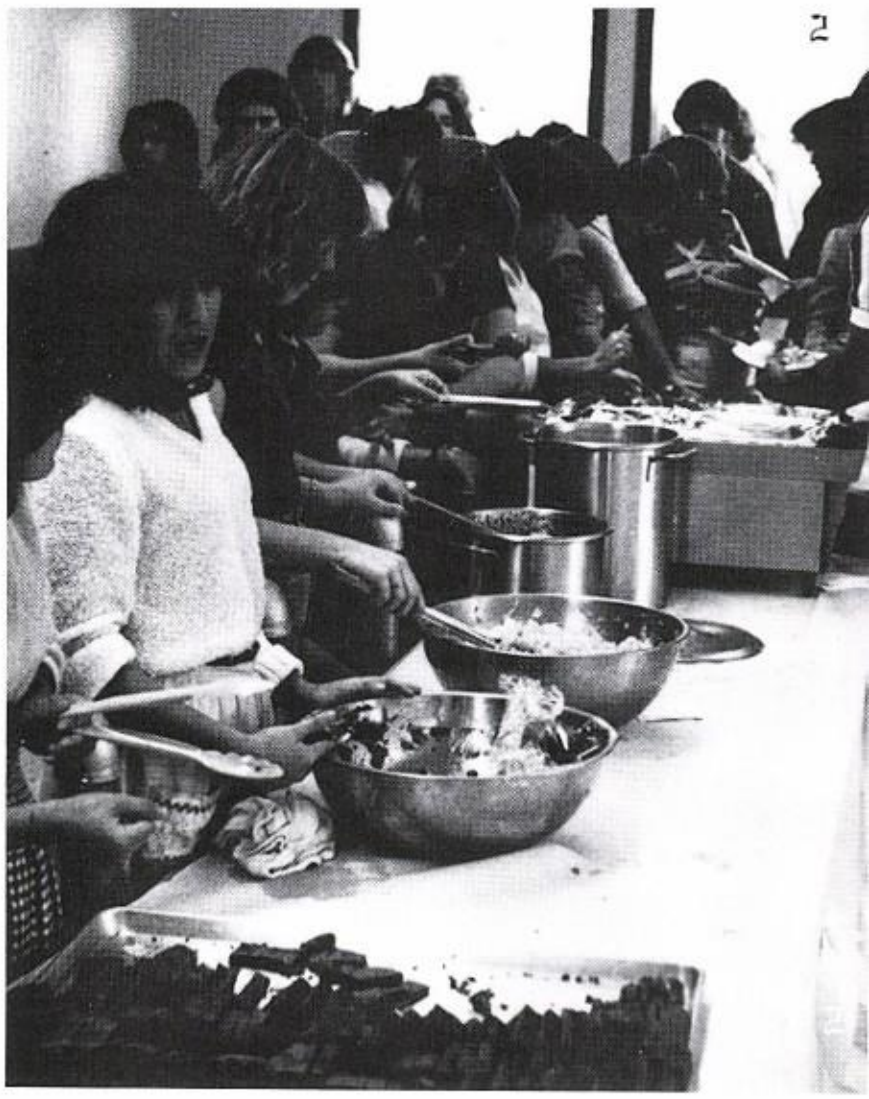
3. The Bruin Family means caring for each other and being one big family. We have pride in what we do and care enough for each other so that we are happy with our acheivements, like winning a game or something that we wished to accomplish. The Bruin Family is a family, that does things together, no matter how rough it gets.
Gemma Eway

4. The Bruin Family is someone to grow with, share with, and learn to care with, the people I love. It means the birth of many memories not soon forgotten, and the forming of many friendships not so soon left behind. Teresa Sumner

GOOD TIMES

Thanksgiving

Thanksgiving at Riverbank High School has become a special event. Due to the generosity of the administration, cafeteria staff and student council, students and staff were able to enjoy a free Thanksgiving dinner of turkey, dressing and all the trimmings. The dinner was served in a feastively decorated cafeteria. Students were served in groups, the freshman with the juniors and the sophomores with the seniors. The faculty and staff joined in and dined with the students. This successful event will surely be repeated in the coming years.



1. The sophomores in this group relax and exchange conversation after finishing their Thanksgiving dinner.
2. The cafeteria helpers served food to an endless line of hungry students.
3. Members of the senior and sophomore classes wait in anticipation for some delicious food.
4. A public performance by the band in front of the downtown Christmas tree drew crowds of spectators.
5. These were just a few of the gifts donated by the advisories.
6. An uplifting performance by the band helped promote spirit to the christmas assembly.

Christmas

Christmas always brings the spirit out of people, especially the students and faculty of Riverbank High. Every year a Christmas project is held, and the contributions from this are distributed to needy people. Advisories worked independently and developed projects of their own. The advisories brought in contributions of food, clothing, toys and other various items. Toys were taken to children in a hospital by Mr. Fast and Ms. Petersen's advisory. All of the contributions that were received were divided up by Community Sharing and given to needy families so that everyone could have a very merry Christmas.

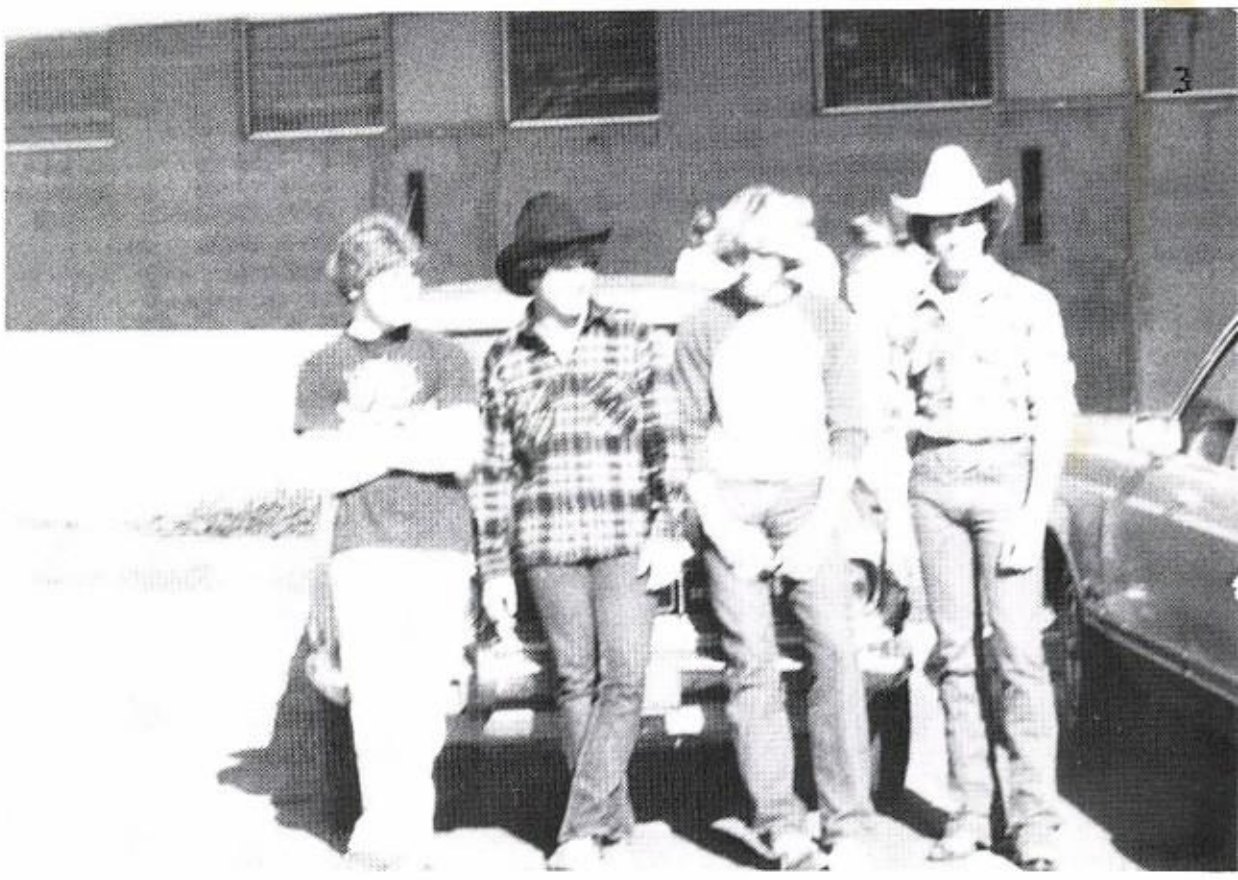
Background Bruins

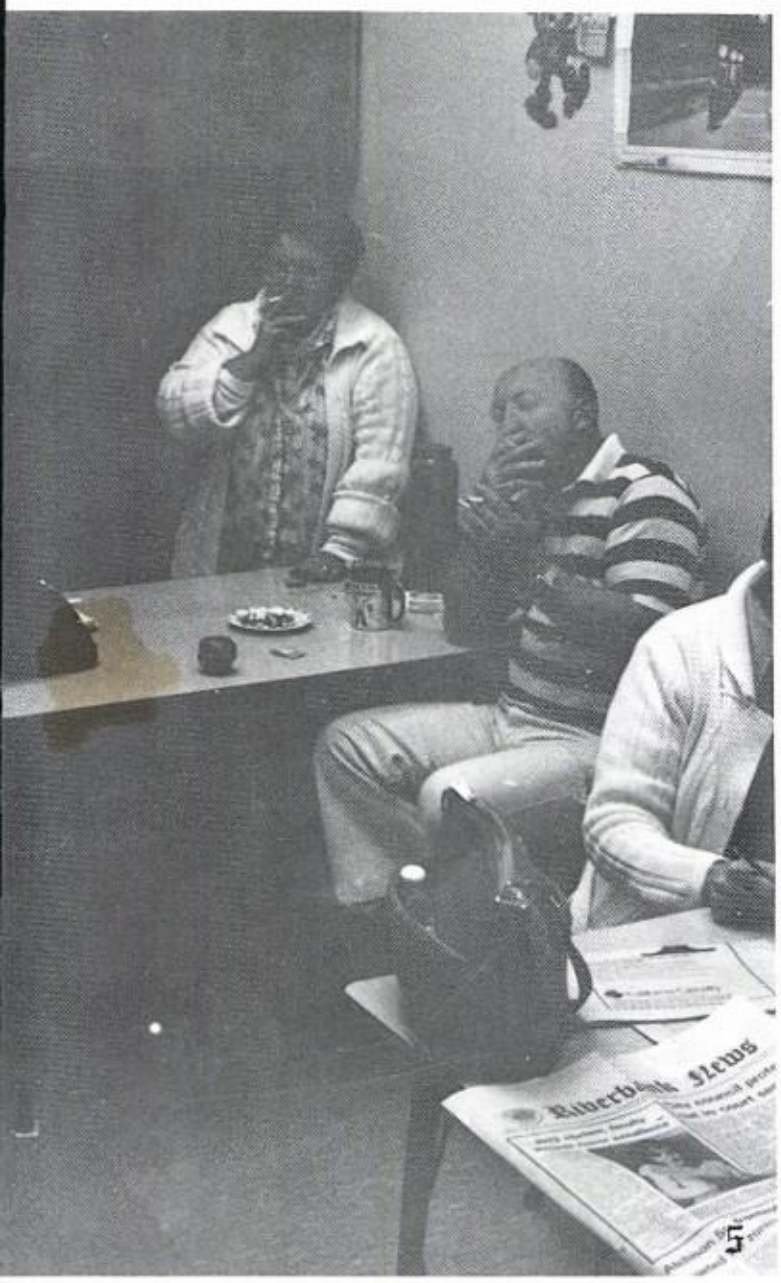
Not all students are outgoing and conspicuous on campus. Not everyone chooses to be a student body officer, a starting quarterback, or a cheerleader. Riverbank has its share of quiet contributors. These background Bruins are none the less a part of the family, and their presence, although not loud or boisterous, lends personality and character to the campus.

1

2

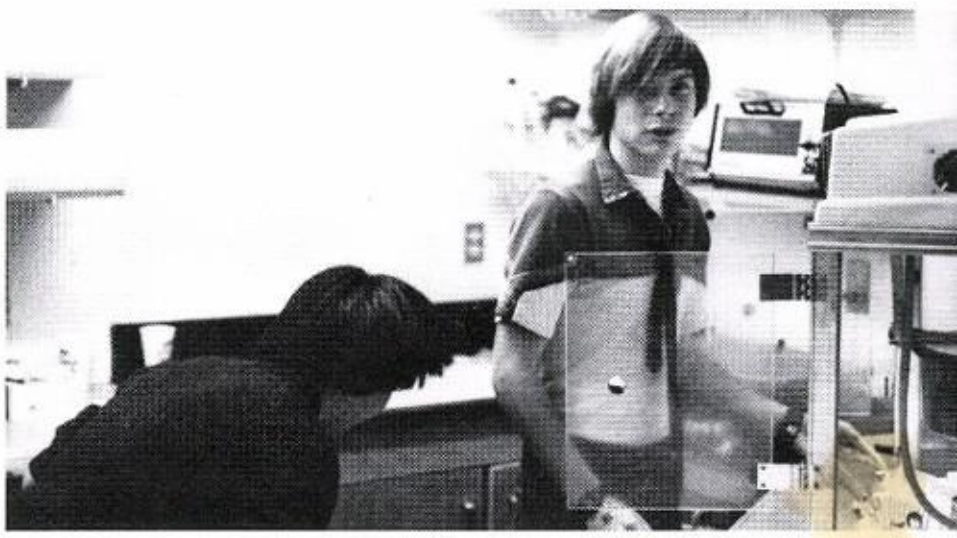


3



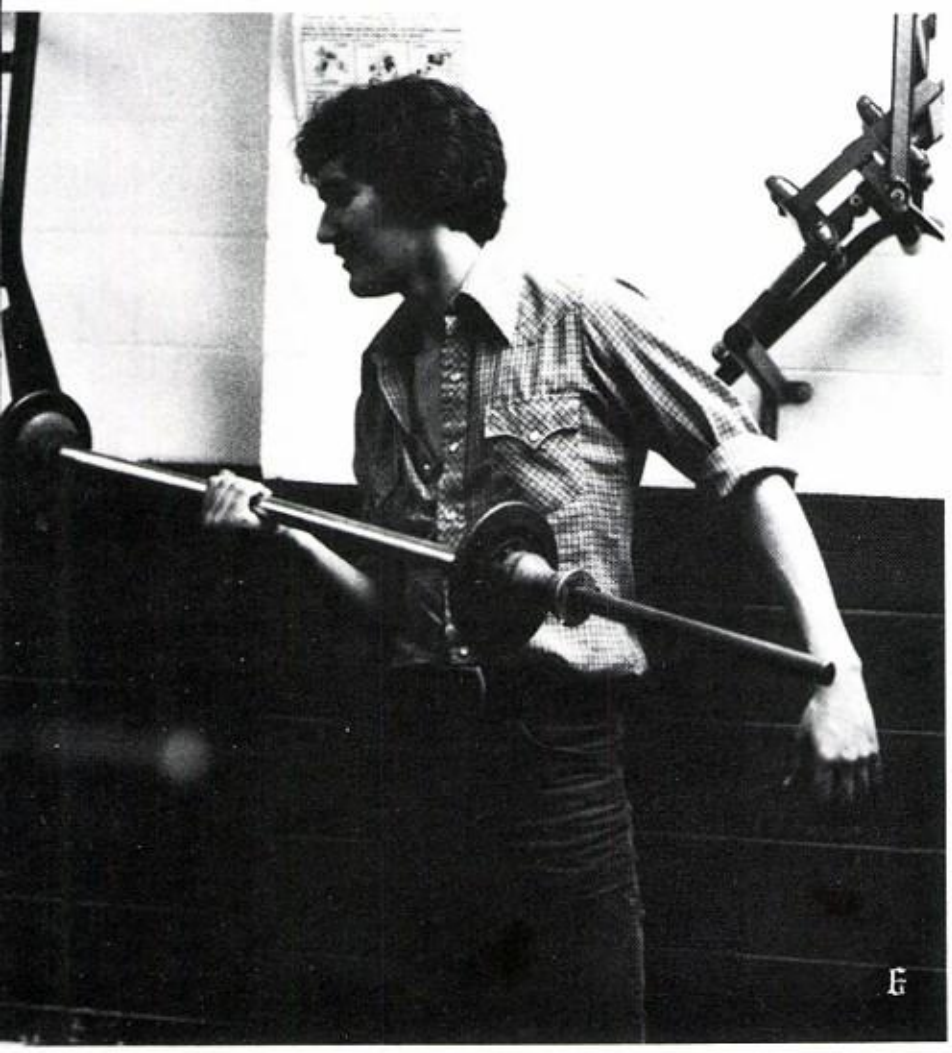
1. Lowriders on campus converse during brunch.
2. Robert Rogers solos on the bench.
3. Tobacco chewers take to the parking lot for relief.
4. The White Collar Brats restrain a semi-violent member.
5. Closet smokers reject Brooke Shields' advice.
6. The Patterson Roadies head north for a cigarette break.

bloopers



The Riverbank Archive candid camera crew has collected some of its most memorable bloopers of the year. The following pictures are of students showing their true personalities by being crazy, hilarious, and bizarre.

1. All that's left from a trip to the snow are two beer bottles.
2. Scott Bartholomew and Greg Smith help Bobby Kilgore and Jeff Kilgore grow taller the easy way.
3. Tammy Gang shies away from the camera.
4. A group of sophomores shoot the bull.
5. Ms. Lawrence opens her mouth for a big surprise.
6. Rudi Alonzo, the unknown superman, lifts a hefty weight.
7. Scooter's Rooters are in action.



1. The Bruin Family means the great spirit we have and the effort we put into our small school to make it stand out from all the others. The Bruin Family is knowing everyone and having team effort to make our school great!

Cindy Hughes

2. The Bruin Family to me means having pride and being a part of one big, happy family.

Tom Hoopiiaina

3. That we are one big family we have good times and bad times like a family would. We even grow up together from childhood to grown ups.

Vince Alba

4. It means a lot to me because we're part of it and we should be lucky to have a Papa Bear to take care of us. Some people don't care but I do. Not every school has what we have. We don't have everything but we can make it because we've made it this far and we can go the rest of the way. All we have to do is have school spirit and pride.

Being on the Archive staff for the past two years has helped me to grow in many ways. I've learned how to deal with local merchants, handle money, and practice various business skills such as billing. The Archive Staff members have been very helpful in bringing in ads and helping to finance our yearbook. In fact, this year's advertising section is the most successful ever and, for that, I'd like to thank the staff. The advertising section required time, energy and patience, appointments, photographing businesses, collecting bills and the accompanying paper work kept me on the move. now as the yearbook is completed I can look back at a job well done.

Riverbank High School has many athletic activities in which to participate. The activities bring together new friends and teach athletes how to work together. Our athletic staff has the dedication and support of the athletes and school. Time and patience is the key to a good team or an individual winner. Every team and athlete will eventually face defeat, but everyone becomes a winner because our school spirit and determination has formed a great union of people working together to make the Bruins an athletic family.

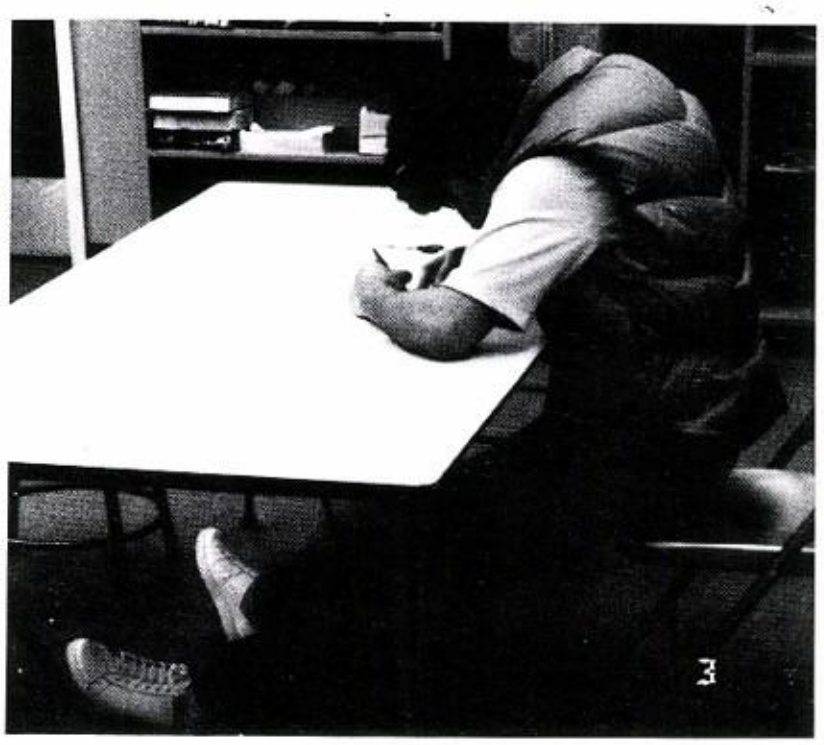
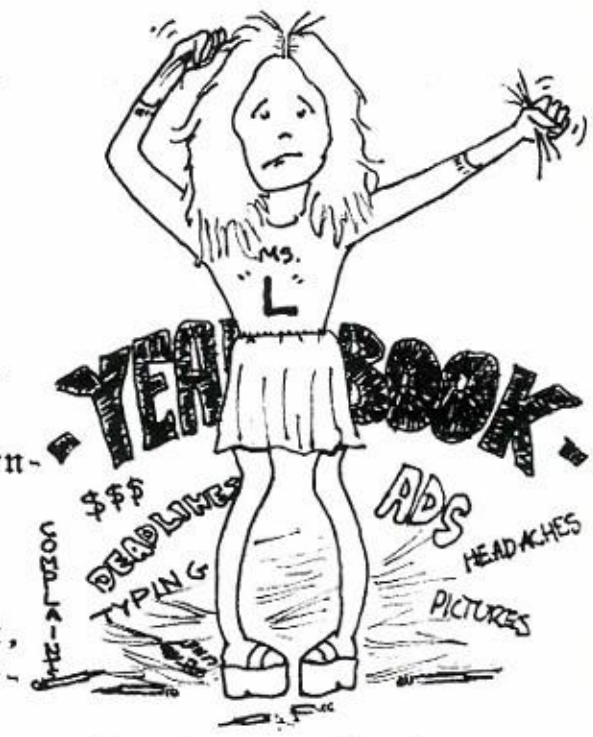
1. Debi Mays types clear copy for a yearbook section.
2. The yearbook class poses with the advisor.
3. Jesse Saldivar draws just one more Bruin for the Archive.

Advisor's page



The yearbook is a collection of beautiful people and lovely smiles and fond memories, but the making of the yearbook is decidedly different than its contents. Yearbook advising was my joy and my sorrow, the agony and the ecstasy, so to speak. I had the experience from last year, my first year, to soothe my jaggled nerves and ease my ulcerated stomach, but something basic to all mankind, or at least all my experiences with the species, made the yearbook a bloodsucking project: procrastination. Strange that there was nothing to do for six weeks, but the day of a deadline, students wanted to stay until ungodly hours of the morning was one of my oft repeated reflections.



There were worries and concerns. In the middle of a Saturday night, I would wake up and cry out, "Dear God, let Vince have remembered to take pictures of the Homecoming floats!" I have wolfed down tuna sandwiches, jumped in the truck at lunch, and taken pictures of some advertisor s business because last year's picture was just a little bit gray. I have worried about parents' reactions when yearbook students have staggered home at two in the morning, drunk with exhaustion and rubber cement fumes. I have grown gray searching for the ten thousand dollars to print this book. Yes, there were some worries and concerns.

The project was completed however; the yearbook was published. The staff made the 1982 Archive possible, albeit a few had had torches put under their hind ends. Some staff members were godsends. Debi Mays edited and typed; in-house artist Jesse Saldivar became a Bruin master; Jim Boardrow supplied the cover calligraphy; Mark Nichols hustled for advertisements, our two darkroom specialists Greg Smith and Tyler Harrison, suffered through many a deadline, Stephen Rush edited this yearbook, and I, I am the humble, but loveable and sometimes near schizophrenic advisor.
